Product Data

Output	RF signal
Operation Frequency	869.5/916.5/434MHz
Power Supply	3V(1xCR2025 battery)
Operating temperature	0-40°C
Relative humidity	8% to 80%
Dimensions	136.3x38.9x10.7mm

• Control 1 zone of receiver
• RGBW color controller
• Waterproof grade: IP20

Safety & Warnings

• This device contains a button lithium battery that shall be stored and disposed properly.
• DO NOT expose the device to moisture.

Operation

Pair with RF remote:

Click **"Learning Key"** on the back of the wall panel controller → Turn on the remote, then click any other button of the remote → LED lights connected with the wall panel will flicker once

→ The receiver is paired with the remote successfully.

How to delete the pairing:

Power on the wall panel controller, hold the **"Learning Key"** on the back of the wall panel controller over 3 seconds.
